Doylestown is alive with the hustle and bustle that marks a place where everyone wants to be. Whether you work here or are stopping by to shop, dine, attend the County Theater, visit the museums, or just hang out, parking nearby will be on your list of things to do. This guide can help you locate the parking areas that put you close to your destination, while alerting you to the hourly limit. Since feeding the meter is strictly prohibited, **PARK SMART** by choosing a 10-hour metered space for visits longer than three hours on Monday through Saturday from 9:00 a.m. to 5:00 p.m. By selecting a parking spot appropriate for your length of stay, you will remember the visit instead of the fine.
