

DOYLESTOWN BOROUGH FAMILY PUMP TRACK

Kids love riding bikes - and some of us never lose the joy we felt as five-year-olds on two wheels! In the spirit of fostering a bike-friendly community, Doylestown Borough Council has given its support to build a family-friendly pump track in Chapman Park. Local bike riders of all levels and ages will enjoy riding this closed-loop dirt track, nestled in the woods near the Fanny Chapman Pool. A pump track helps riders develop strength and bike-handling skills by pumping through rollers and berms.

Doylestown Family Pump Track is located behind the playground at Chapman Park. Park in the Fanny Chapman Pool parking lot at [10 McKinstry Drive](#). Head towards playground and cross of the bridge.
