

Doylestown Borough Scenic Stroll

Scenic Stroll is a program that provides participants an opportunity to casually walk as a member of a supervised group in different parts of Doylestown Borough. Emphasis is placed on camaraderie and exercise while viewing places of interest.

The program, which is sponsored by the Doylestown Borough Parks and Recreation Board, is divided into two annual sessions. The spring session begins in late March and continues every Wednesday morning until May. The fall session is also held every Wednesday morning and runs from early September until early November. Both sessions begin at 9:00 am and usually last approximately one hour. Locations change each week in order for participants to enjoy walking in different parts of the Borough. The director for 2018 is Sherry Sullivan.

Specific dates and locations will be posted on this website. For more information, call the Borough office at 215-345-4140.
